Dear Employer

I am writing to thank you for helping to break the unemployment cycle in Queensland.

I have been informed that you have employed one or more apprentices or trainees, who have recently completed six months employment with you.

By giving someone a job, you have assisted that person to get a start in life and you are contributing to the social and economic well being of Queensland.

Reducing unemployment is the number one priority of the Queensland Government.

That's why we introduced the Breaking the Unemployment Cycle initiative which is creating 34,500 new jobs over five financial years throughout the State.

While the Queensland Government has developed the incentives for industry to take on more people, it is employers like you who have taken that extra step to give someone the chance to enter the workforce - in many cases, for the first time.

Even more importantly, you have created the job in an industry where more skilled workers are needed.

If you would like more information on Queensland Government employment incentives, please telephone the Department of Employment, Training and Industrial Relations on 1300 369 925.

I assure you that your efforts are appreciated and I wish you all the best in your endeavours.

Yours sincerely,

Peter Beattie, MLA
Premier
